

CARGOSPORT

CARGOSPORT

From recreational to heavy commercial use, CargoSport(tm) Series trailers are ideal enclosed cargo trailers. Pace's contemporary interpretation of the traditional round-top trailer makes it a commercial-quality cargo hauler.

Distinctive styling and superior strength set CargoSport apart from the competition, with features such as dust-proof sidewall construction, a riveted aluminum roof, heavy-duty aluminum bottom trim, LED exterior lighting, and a front cap that resists cracking and fading. Add in solid core doors with aluminum hinges and an aluminum exterior available in a choice of 13 colors that takes the CargoSport design to the next level!

As North America's largest manufacturer of quality enclosed cargo trailers, Pace knows what you demand in a heavy-duty, enclosed trailer; superior construction and eye-catching style that is still functional and easy to use.

All this is backed by a five-year limited warranty, industry leading customer service, and a nationwide dealer network. If you demand the best value in cargo trailers, then CargoSport by Pace American delivers!
