

JOURNEY

JOURNEY

The Journey(tm) Series is the Pace American value leader in enclosed cargo trailers. For recreational or light commercial use, Journey is priced right with many option packages to choose from.

These economical trailers come standard with EZ ride spring axles with EZ Lube Hubs, all-steel frame construction, a galvanized roof, plus a front cap that resists cracking and fading.

New for 2008 are the Journey JT Rider motorcycle and JT Summit landscape packages, which bring additional enhanced features at an affordable price.

If you simply need a reliable, safe, and easy trailer and don't wish to spend a lot, Journey is the model for you. Because Pace American builds them, Journey trailers bring brand name resale value at trade-in time. If you are looking for hassle-free towing and exceptional value, consider our Journey.
